

## PERFORMANCE LED STEP LIGHTS

**JUNO**<sup>®</sup>

Energy efficient,  
LED performance  
step lights for use in  
outdoor or indoor  
applications

# Juno Performance LED Step Lights

The Performance LED step lights are the most recent addition to Juno's outdoor rated LED step light series. Designed with aesthetics and performance in mind, these new LED step lights take low level illumination to the next level. Offering a sleek, low profile cutoff trim design and enhanced functionality, Juno's Performance LED step lights deliver a wide distribution pattern tailored specifically for step and pathway applications. And with the added benefits that eco-friendly LEDs have to offer, the performance LED step lights are an ideal solution for wherever low level illumination is required.

## All-in-one power module trim

The Performance LED step lights feature a unique all-in-one power module trim design with integral LED light engine and 120-volt non-dimming driver are mounted directly to the cast aluminum trim frame. This construction feature facilitates easy wiring and installation into housing after rough-in. A complete fixture consists of the power module trim and the back housing, each ordered separately.

## Designed for use in a variety of applications

The Performance LED step light is rated for use in outdoor or indoor wall mount applications including concrete pour, brick masonry, or drywall. The die cast aluminum housing is IC rated and gasketed to achieve wet location and IP65 ratings.

## Multiple finish options

Available with a selection of finishes to coordinate with a variety of applications, the performance LED step light is offered in textured black, white, bronze, and silver corrosion resistant paint with matching hardware.

## Performance

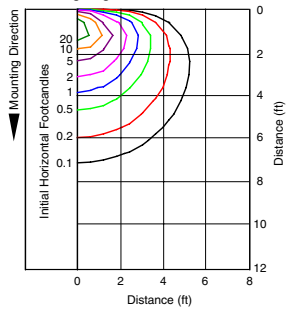

The clean, low profile Performance LED step light is aesthetically pleasing during the day and delivers exceptional performance at night.

- Low profile trim with baffle steps produces wide illumination patterns and minimizes glare
- LEDs are concealed from direct view with a matte textured diffuser
- Fixture produces up to 300 lumens with nominal 13W power consumption
- 3000K or 4100K color temperature available
- 50,000 hour rated life
- 5 year warranty
