

Description

Specification grade recessed PAR30 luminaire for accent, task or downlighting. PAR30 halogen lamp produces spot or flood patterns for medium to high light levels. TC housing designed for use in non-insulated areas, or where insulation is spaced at least 3" from housing.

Listings UL Listed, C-UL/CSA certified for through-branch wiring and damp locations • Conforms with City of Chicago IP requirements

Features

- 5 5/8" aperture
- Simple housing and trim format allows easy ordering, installation and fixture adjustment
- Deep lamp regression and computer-optimized reflector contour provides 50° lamp/lamp image cut-off for exceptional low aperture brightness
- 361° rotation and 35° tilt with tool-less locking and hot aiming capability
- Low profile trim with self-aligning torsion-springs for clean ceiling interface without light leaks
- Shadow-free, knife-edge trim design blends smoothly into the ceiling and allows architectural continuity with Juno recessed trims
- High quality, superior construction including hand-polished reflector finishes
- Vertically adjustable mounting brackets accept 1/2" conduit, "C" channels, linear flat bars or 24 1/2" telescoping Real Nail™ bar hangers
- 75W-Max PAR30 lamp used in trim selection below
